- % Done changed from 0 to 90

Output 2024/03/12)

1. Fix line break code (from <p> to
) in tinyMCE (WYSIWYG)
1. Modify <p> margin to '0', so the line break will no longer have big gab;
- #tinymce p {font-size: 1.5em; margin: 0;} // Old: #tinymce p {font-size: 1.5em;}
2. Change scopes:
- protected/views/layouts/desktop.php
- ui/desktop/js/themes/advanced/editor_template.js
- ui/desktop/libs/tinymce/themes/advanced/editor_template.js
- ui/desktop/libs/tinymce/themes/advanced/skins/default/content.css
- ui/desktop/libs/tinymce/jquery.tinymce.js
- ui/desktop/libs/tinymce/tiny_mce.js
