Output□2024/09/25)

1. Support mobile mode
   - Add mobile mode support. We disabled the original mobile mode which did not completely work, so now the mobile has the same UI as the desktop mode.
2. Changes:
   - protected/controllers/AppController.php

#2 - 10/08/2024 10:57 AM - Xihua Fan
